

EXPERIENCE

Microsoft • Product designer

June 2022 - present | Bangalore, India

Currently working on an enterprise tool, designed to improve productivity and wellbeing with intelligent recommendations and insights.

Nutanix • UX Design Intern

May 2021 - July 2021 | Bangalore, India

Worked on their flagship product, redesigning the troubleshooting experience and to let IT administrators gain visibility of their entire IT ecosystem beyond just the infrastructure.

InteractionOne • UX Design Intern

May 2020 - July 2020 | Bangalore, India

Researched and redesigned the website for Roff, a subsidiary of Pidilite and designed a Traffic Management system prioritizing emergency vehicles.

SIGNIFICANT
WORKS

Microsoft • Creating sub-workspaces in Viva Insights

July 2022 - Jan 2024 | under Souvik Sadhu, Microsoft

Designed a feature to enable admins to create analyst workspaces which filters employee data and organizational attributes, thus successfully allowing 200+ tenants to migrate from older platform 'Workplace Analytics' to 'Viva Insights'.

Nutanix • Dashboard for troubleshooting and monitoring server clusters

May 2020 - July 2020 | under Susheel Kewaley, Nutanix

Conducted an extensive competitor study and analysed the flow of troubleshooting of server clusters for IT administrators. Created a new feature under their Analysis tool enabling them to monitor workloads, network components, and applications currently monitored using other tools.

EDUCATION

Bachelor's in Design • Indian Institute of Technology, Guwahati

July 2018 - May 2022 | 7.95/10 CGPA

POSITION OF
RESPONSIBILITIES

International Events' Head • Techniche 2021, IIT Guwahati

Oct 2018 - Sept 2021

Headed a team of 250+ members and remotely coordinated the experience and execution of events for one of the largest techno-management festival in India at IIT Guwahati.
